

Toledo Lucas County Death Records

**TOLEDO LUCAS COUNTY DEATH RECORDS OF POLISH SURNAMES (1871-February 1886)**  
by Rosemary A. Chorzempa

This database is an extraction by Polish surname from the original handwritten death records of Lucas County, Ohio (1871-February 1886). February 1886 is the cutoff date because that is when the St. Hedwig death register begins (Note: the first book of death records of St. Hedwig Church, 1875-February 1886, is missing. It was probably destroyed in the church fire in February 1886). Not all Poles who died during this time period, 1871-1886, were recorded in the Lucas County records; so some Poles are still missing.

Note: place of death is the location where the person died, not necessarily the person's home address.
